Dear Sir:-

Replying to yours of December 9th I enclose formal notice of your Society's election to Associate Membership in this Society.

No dues are required for the remainder of this year. On receipt of \$5.00, I will mail you a receipt for dues for 1917..

In order to co-operate intelligently, we would like to know as much about your Society as you care to tell us. If you have for distribution your Constitution, By-Laws, List of Members, meetings, etc., we would like to have them for our files. Any other information that would aid us to a full understanding of your aims, ambitions and activities, would be received with appreciation.

I enclose a list of this season's dates. We will gladly welcome any of your members at any time.

The January 4th meeting is of timely interest. Dr. Kunz and others will discuss our old and new coinage.

Our most recent exhibit is of Roman coins from the 3rd to the Byzantine Empire. This was on display during the recent annual meeting of the Archaeological Institute in St. Louis and will remain for a month in the City Art Museum.

As we grow older, we shall, I hope, begin to have some printed matter.

One of our members possesses a state of Crotor recently acquired, the genuineness of which he suspects. May I refer it to some member of the American Numismatic Society for his judgment? Kindly advise me.

Yours very sincerely,
Edward F. Jackson,
Secy.

Dear Mr. Jackson:-

I am taking the liberty of enclosing a page from one of Heffer's catalogues received to-day. It offers a particularly reasonable set of the Numismatic Chronicle, and I thought it just possible that your Society might care to order it from them. This is not a complete file of the Chronicle, but the years which precede the part here quoted on are very much less important than these volumes.

Yours very truly,

Secretary.

Mr. Edward F. Jackson, Secretary,
St. Louis Numismatic Society,

St. Louis, Mo.

Dear Mr. Jackson:-

I have your letter of the 25th, and am very glad to send you herewith copy of the blue print showing our new case concerning which you enquire. We have had a sample case installed, and have tested it for something more than a month, and after a few minor improvements are ordering enough to equip our coin room. The cost of these cases is three hundred and fifty-six dollars each, each pair of ends being eighteen dollars and ninety-two cents extra. If the cases are set up together one pair of ends is all that is necessary. If the cases are separated then, of course, ends are needed for each separate case. The cases are made by the Art Metal Construction Company, 22 Park Place, New York City, and should you consider ordering them, it might be well to let us see what we could do for you. In all probability they will not furnish further cases at exactly this rate. There will doubtless be an increase due to the changed conditions with respect to steel. We should be very glad to do anything we may to aid your Society in this connection.

Yes, do send us the coins and medals you have been unable to identify. We can not promise identification, but we shall be glad to see them.

Kindly convey my greetings to Mr. Wulffing when next you see him, and with cordial regards to yourself, I am,

Yours very sincerely,

Secretary.

tions till the current dues are paid.

Will you not give this matter your at-
tention ?

Yours very truly,

Dear Sir:

Thank you for yours of October 11th with cheque for 1924 dues. Whether intentionally or not, you have included a letter from the American Numismatic Association which appears to have got confused in your mind with our Society. They are separate organizations, and I am returning the letter to you.

The organ of the Association is The Numismatist. Our publications are under the name of Numismatic Notes & Monographs.

Very truly yours,
